

Azienda Agricola CRIOLIN

Barbera d'Asti DOCG

Color : Deep ruby red

Aroma : Pleasantly intense wine

*Taste : Soft and persistent on the palate,
full-bodied*

Grapes from our historic vineyards, those around “at home”, cared for and watched over, experienced as a wealth of everyday life.

Our Barbera is the typical Asti one, linked to country traditions. Not for this massive wine, but suitable for a curious and demanding consumer.

We vinified it in purity, in steel, with the attention that require traditional procedures. The wine is matured in stainless steel, to return a fresh wine, dry, varietal, with its ruby red color, intense, vinous and persistent.

Prevail notes of cherry, plum, dark berry fruit, light spicy notes and balsamic notes, with a good final tannins.

It is the wine that has always characterized the wine tradition of the family.

Serve at 18 °C in large glasses.

Available in classic dark Bordeaux bottle of 0,75 lt.
