

Azienda Agricola CRIOLIN

Piemonte DOC Chardonnay

Colour : Straw yellow with golden reflections

Aroma : Fruity with hints of violets and pineapple

Taste : Fresh and persistent

Piedmont interpretation of this great international variety.

The grapes come from the vineyard “Pradonne” - located near the farm - harvested around mid-September, according to the weather pattern of the year.

Vinification in steel at a controlled temperature. Aging steel until the spring following the harvest.

Of remarkable structure, it affects the complexity of the organoleptic sensations that manages to arouse.

With a characteristic pale yellow color with green hues, it is dry, savory and harmonious, with a nose reminiscent of the typical wild flowers of the Asti hills.

Perfect as a young man holds up very well, thanks to his shoulder, two / three years of bottle.

Serve at 10/12 °C in glasses of medium size in slim tulip shape.

Available in the traditional bottle clear Bordeaux 0,75 lt.
